and these things will always be here

Walk for love and justice  
Walk in faith and pride  
Walk to help each other  
People side by side  
Walk against oppression  
Homophobia and hate  
In the hope of freedom  
Before it is too late

Chorus: Walk for love and justice  
Walk in faith and pride  
We will walk together  
people side by side

As we walk together  
Justice is our claim  
God makes each on different  
Yet we're all the same  
All need hope and dignity  
All need love and care  
Sharing with each other  
For the truth we dare

of the heart
